Road Surgery Patients Participation Group

Due to the restrictions on time of the carers meetings at the Road surgery the Patients Participation Group have decided to join with St Marys Church to host monthly 'Drop In' Coffee Mornings at the church hall,. The meeting do not have a speaker but an information desk manned by someone who can give individual advice therefore allowing you to 'Drop In' ..As well as The Citizens Advice Bureau The PPG has invited Claire Bertram Gregory from Northampton Carers who is a community mental health expert along to this first meeting she will be happy to speak and advise you.

We are very much aware of the help needed by the carers in our community and feel that by joining this already established group we will be in a better position to offer a wider range of advice in a much more relaxed environment..

Ashton Footpaths

I am writing this today as I am feeling very annoyed with two young horse riders.

I was out walking two of our dogs this morning, I had gone across the road and over the railway bridge (top of Roade Hill). I came to the section that is like a cross roads with footpath in all directions, I had just got there when I heard thundering of horses coming up the hill, they saw me there but almost ran into me before they stopped,

I politely said perhaps you should consider people walking, but was promptly told very rudely that they came from the livery yard that owned the field and they could do just what they like, I replied that it was a footpath but they just rode off happy with themselves.

If a child had been walking along there there could have been a nasty accident, as they would not have stopped if I had not stood there. I am not sure what can be done about it but just thought a note in the Ashton Village News may make other people aware of some of the thoughtless horse riders we have around here.

Don't think I am against horses as my children always had them but they were brought up to respect others.
